

# FastBook™

An easy to use online system that streamlines the process of booking vehicles onto cargo voyages.

FastBook™

Clients can manage their trailer fleet online and make bookings on scheduled cargo voyages. A full audit trail is maintained and bookings can be made via mobile devices.

Sullivan Maritime staff can manage the shipping schedule, review, edit and approve bookings. All official documentation can be produced for the vessel and port authorities.

*“A professional platform that eliminates, in greater part, staff human error while recording client accountability, thereby saving time and costly errors in the interest of both the Company and the Clients.”*

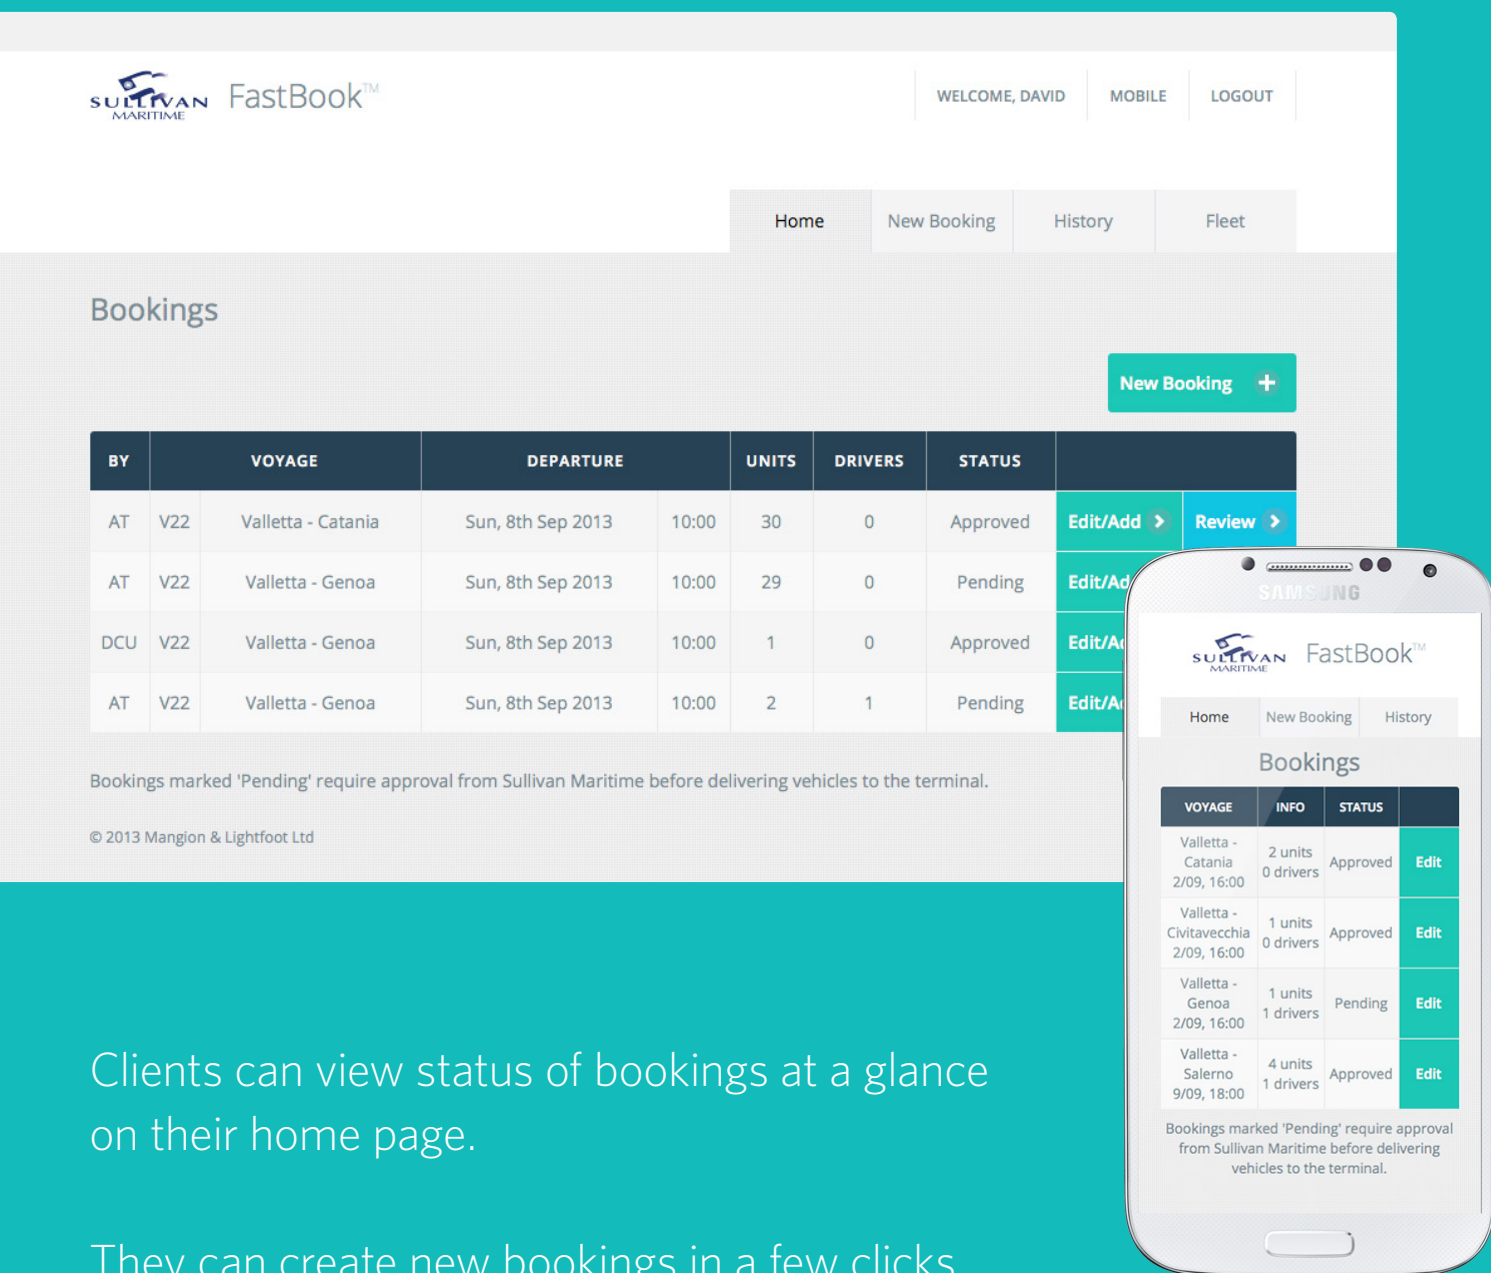

***Ernest Sullivan***

*Managing Director, Sullivan Maritime*

# FastBook™ Client

The user interface employs a simple layout, with a strong use of colour to make bookings as easy as possible.

Clients can view status of bookings at a glance on their home page.

They can create new bookings in a few clicks, review historical information and manage their trailer fleet.

## Edit Booking SM000165FB

To change a vehicle number you must remove the unit from the booking and then add it with the new number.

Booked by:	David Client User on behalf of ABC Cargo Ltd
Voyage / leg:	V22 Valletta - Genoa

Send List

FastBook generates lists of all trailers to be loaded onto a voyage. These lists are sent to the quay at the appropriate time, so that all correct vehicles can be loaded promptly and in the right order.

*“All documentation is generated with consistent layouts, at the click of a button, eliminating a huge amount of repeatative manual data entry.”*

**Mario Micallef**

*Assistant Head – Booking Centre, Sullivan Maritime*

*“The system has better workflow especially on peak days, reducing stress and helping efficiency. There are fewer telephone calls from clients, eliminating unaccountable verbals instructions.”*

**Corinne Muscat**

*Assistant – Operations, Sullivan Maritime*

*“A tool that changes the role of staff from data entry clerks to pro-active customer support professionals. Processes have been streamlined, enabling better working practice, and adding value to our service.”*

**Marco J Spiteri Binett**

*Director, Sullivan Maritime*

*“We have to admit that it is in fact much easier placing bookings via FastBook. To date I cannot comment on any disadvantages of this system as in my opinion that are not any.”*

**John Cantania**

*Commercial Executive, Multigas Ltd.*

*“We have nothing to say other than Fastbook works wonders for us. It is really easy, fast and efficient. May I take this opportunity to thank you and your wonderful staff for their continuous assistance. They really do make a difference and is greatly appreciated.”*
